**WET LAB & LIVE DEMO**

# **INTRO TO OBJECTIVE LAMENESS MEASUREMENT**

*& Implications for U.S.  
Horse Racing*

*A chance to see firsthand how objective measurements  
are improving biomechanical care and work with  
colleagues already enjoying the benefits of lameness  
measurement.*

**MONDAY, JAN 20, 2020**

**1:00PM TO 5:00PM**

New Vocations at Mereworth Farm  
719 Dolan Lane Lexington, KY 40511

Following a lecture on the fundamentals of objective lameness measurement with inertial sensors, participants will have an opportunity to evaluate lameness cases with Equinosis Co-Inventor Dr. Kevin Keegan. Dr. Keegan will demonstrate objective lameness evaluation and discuss lessons learned in sports medicine and rehabilitation and implications for equine athletes. Learn more about the technology at <https://equinosis.com>

**FEATURING:**
